

SPECIFICATION

TITLE OF INVENTION

The title of the invention is the Air-O-Matic. The sole inventor and applicant is Gregory Harris. Gregory Harris is a United States citizen who resides in Shreveport, Louisiana.

BACKGROUND OF THE INVENTION

The invention pertains to the automobile industry. The invention resolves the problem of odors that can be found inside vehicles.

BRIEF SUMMARY OF THE INVENTION

The invention disburses fragrance throughout the vehicle, ridding the vehicle of odors. The invention dispenses with the need to place hanging air fresheners or canisters placed under the seats of vehicles. The invention is easily installable in new or used automobiles.

BRIEF DESCRIPTION OF THE SEVERAL VIEWS OF THE DRAWING

Figure 1A depicts the location of the push button which releases the fragrance inside the vehicle.

Figure 1B depicts the location of the reservoir and cartridge that contains the fragrance.

DETAILED DESCRIPTION OF THE INVENTION

The push button, located inside the vehicle, releases fragrance throughout the vehicle. The fragrance is contained in a reservoir which is located under the hood of the vehicle. Alternatively, the reservoir can also be placed in the trunk of the vehicle. Cartridges containing various fragrances are placed in the reservoir.
